We Are The Body

In this programme we explore the significance of God's people working together in the body of Christ. We also look at the physical body and the importance of taking care of it. The Bible tells us that we are temples of the Holy Spirit (1 Corinthians 6:19-20). We hope young Christians will be challenged in their behaviour and thinking as they play their part in building the Kingdom of God.

Onesimus (suitable for youth weekends)

This programme explores how God uses individuals and what can be achieved when He steps into an ordinary life. As we look at the lives of Onesimus, Hosea, Paul, and the man with the legion of demons, we see how God works in amazing ways to fulfil His plans and purposes.

Needle in a Haystack (suitable for youth weekends)

This programme explores the challenge living out faith can be for the young christian. We discuss how we need to be actively seeking God & listening to for him, how our faith grows during difficult times & how we can look to Jesus as the ultimate example of living faith.

S.O.A.P.

Studying the Bible can be daunting — where do you begin? How do you get the most out of it? Which study guides should you use? This one-week programme will help young people develop a new skill for studying the Bible effectively with just the word of God in front of them.

SHINE (available from November 2022 onwards)

A 4 part video resource designed to equip young people to share their faith within their school and community. SHINE aims to equip young people to live for God and create opportunities for them to explore the Christian faith for themselves.

Suit Up

In a time and place where it can be hard to be a Christian, we take an in-depth look at the armour of God — how it can help us, and why we need to put it on.

Take The Stand

We aim to inspire young Christians to share their faith with others by challenging them to take their stand for God, and by providing practical tips and biblical examples along the way.

Persecution

Examining the issues of Christian persecution, this interactive programme challenges young people to consider the reality of Christians who suffer for their faith around the world.
